Staff Update

Our newest recruit, **Dr Sanna Ajaz** has settled in really well and is now an established member of the team. A caring and gentle dentist Sanna always has a welcoming smile and her professional skills and attitude are proving very popular with her patients.

We said goodbye to **Michelle Nevitt**, our Therapist in November. We would like to wish her well with her future plans. **Tracy Tang** will continue to provide her patients with oral hygiene care and continue to carry out restorative treatments that are referred by the surgeons at the practice. Tracy works Mondays, Tuesday and Thursdays.

Dr Marina Spanaki has commenced maternity leave and will be expecting her second child in the New Year. Her patients' care will be transferred to **Sanna Ajaz** for this time. We would like to wish her the very best of luck! Marina will still be working at the practice every other Saturday to carry out complicated Root Canal Treatment.

We also have **Dr Rupal Patel**, working twice a month on a Saturday. She provides periodontal care for our patients with periodontal disease.
